

## A LASTING INVESTMENT...

I would love to talk with you and discuss any questions you may have about pricing and packages. All of my sessions are custom-designed with the client in mind!

**Family and individual packages** vary and begin at approximately \$100 and include the session fee, editing, on line viewing of images, print proofs and print credit so that you can choose the sizes of images that best fit your needs.

**High School Senior packages** are designed with the senior in mind! Be prepared for some fun! Senior sessions are my absolute favorite, and I would love planning with you to find unique ways to make your images awesome! There are three packages that range from approximately \$300 to \$600 and include the session fee, editing, yearbook photo, on line viewing, print proofs, and print credit so that you can choose the sizes of images and various cool productions you want!

**Maternity and Newborn packaging** are also available and are priced within the range of \$100 to \$600. Each one is designed specifically for the client and can vary depending on individual preferences. The newborn packages can be a one-time session, or you can purchase a year long package to capture your baby's changing looks throughout that very special first year!

**All the packages** I offer contain **print credit** - so you can choose the sizes of images you want. After you "spend" your credit, you are welcome to purchase a la carte, as I do not offer any other packages for prints. Nothing confusing or "hidden"! Call me today and we can discuss your session! I would love to work with you to make some lasting memories that will be cherished for generations.

I offer **high quality professional prints from exclusive labs** - along with other unique products to show off your images, such as canvas prints, metal prints, accordion mini booklets, memory books, and jewelry, just to name a few
